

Directions for Faculty planning a CT Department of Correction Clinical

Contact Dr. Denise Panosky (UConn Coordinator for DOC clinical placements for nursing students) at denise.panosky@uconn.edu or 860-486-0549 for help planning this DOC clinical.

The following will need to be completed the semester prior to clinical:

Faculty Clearance – Complete the VIP Application and send to Dr. Denise Panosky.

Orientation – Complete an Orientation which Dr. Denise Panosky will set up for you with the UCHC CMHC educators.

Student Selection – This is completed by the UConn DOC Coordinator the semester prior to clinical. Students are notified of acceptance, complete the necessary forms, and forms are sent to the CT DOC VIP Site Coordinator by the UConn DOC Coordinator.

Site Placement – Once you are assigned a DOC site, contact the nursing supervisor to plan and coordinate your clinical. You will need to make assignments for students so that they have a RN preceptor in the DOC at all times.

Clinical Conference – Make arrangements with the nursing supervisor, or the warden's secretary, for a room for clinical conference.
